संदेश

यह जानकर प्रसन्नता हुई है कि विद्या भारती गुजरात प्रदेश द्वारा संचालित नेताजी सुभाष चन्द्र बोस मिलिटरी एकेडमी द्वारा सिलवासा में सैन्य प्रशिक्षण आवासीय विद्यालय के भवन निर्माण के लिए भूमि पूजन किया जा रहा है।

विद्यालय प्रांगण में प्राप्त शिक्षा से छात्र न केवल अपने व्यक्तित्व का विकास करते हैं बल्कि उनमें समाज और राष्ट्र के प्रति कर्तव्य का बोध भी विकसित होता है। मुझे खुशी है कि हमारे शिक्षण संस्थान बदलते दौर की चुनौतियों और आवश्यकताओं को ध्यान में रखकर छात्रों का सर्वांगीण विकास सुनिश्चित करने में अहम् भूमिका निभा रहे हैं।

मुझे विश्वास है कि इस सैन्य प्रशिक्षण विद्यालय से ज्ञान अर्जित कर निकलने वाले छात्र ज्ञान, संस्कार व सेवाभाव के साथ देश की उन्नति और समाज की बेहतरी के लिए अपना अमूल्य योगदान देंगे।

PROJECT

Earnest Appeal Letter

To,

Sub : Earnest Appeal to Corporate Houses to contribute under CSR Activities for the construction of Sainik School at Silvassa in the name of "**NETAJI SUBHASH CHANDRA BOSE MILITARY ACADEMY**".

Sir,

At the onset, we **VIDYA BHARATI GUJARAT PRADESH**, introduce ourselves as one of the leading NGO, registered with 80G & 12A of IT Act, and a Member of DARPAN (NITI Ayog) affiliated with Akhil Bharatiya Shiksha Santhan, since 1952.

Since its inception, our mission is to develop a generation of young men and women physically, mentally and spiritually committed to the nation. To achieve these national objectives, our all efforts are focused on providing quality education to our children and with our tireless efforts, presently we are having 22703 schools employed with 160279 teachers and more than 3723515 students spread across the country.

In line with the above, to groom the boys and girls to become responsible citizens with all the qualities of a dedicated & disciplined defence personnel, and making them realize a true Bharatiya, we are glad to inform you that we have got an opportunity to construct a Sainik School at Silvassa, U.T. with an objective to prepare 630 students become Officers in the Defence Services of our country. The school will be constructed in a 21 acres land with a projected cost of 55 Crores rupees.

Considering the importance of providing education to our future generation as well as the development of our nation, we appeal to all patriotic Bharatiya to donate generously and all the Corporate Houses to come forward and join us with your CSR Activities to complete the VIDHYA BHARATI GUJARAT PRADESH's initiative to establish a Sainik School under the name and style of "NETAJI SUBHASH CHANDRA BOSE MILITARY ACADEMY" at Silvassa to develop a cadre of individuals who are devoted and can contribute to harmonious, prosperous and culturally rich nation.

We are looking forward to receive your kind co-operation to fulfill this noble cause.

Thanking you,

Shri Badruddin Halani
President

Shri Vinitkumar Mundra
Vice President

Shri Paramendra Parmar

About The Organisation

Vidya Bharti Gujarat Pradesh affiliated with Akhil Bharatiya Shiksha Sansthan is one of the largest non governmental organization with special focus on education and nation development. Established in 1952, The organization has extended its services in length and breadth of India, from Kashmir to Kanyakumari and Gujarat to Western Part of the country. Few committed and patriotic individuals who considered education as an artifice to educate young generation according to Indian values and culture started the first school in Gorkhpur, UP in 1952. The School was named Swaraswati Shishu Mandir Temple of Goddess Saraswati dedicated to children. Number of such schools increased rapidly across UP and then across the nation. A state level Shishu Shiksha Prabandh Samiti was formed in 1958 for proper guidance and planned development. To Manage the affairs in different regions, state level committees were set up. The formation of nation body came into the picture in 1977 and Vidya Bharati Akhil Bharratiya Shiksha Sansthan was established with its registered office at Lukhnow and fuctional headquarter in Delhi.

Our mission is to develop a national system of education which would help building a generation of young men and women committed to nation, infused with patriotic fervour; physically, mentally and spiritually. We intend to make them capable of successfully facing challenges of life; dedicated to the service of our brothers and sisters who dwell in villages, forests, slums and are deprived; so that they are liberated from the shackles of social evils and injustice. We intend to develop a cadre of individuals who are devoted and can contribute to harmonious, prosperous and culturally rich nation.

Brief on Sainik Schools

Sainik Schools, conceived in 1961 by V. K. Menon, the then Defence Minister of India, are established and managed by The Sainik School Society under Ministry of Defence. The primary objective of Sainik Schools was to rectify the regional and class imbalance amongst officer cadre of the Indian Military and prepared students to enter National Defence Academy, Indian Naval Academy. Sainik Schools come under the purview of respective state Governments and Ministry of Defence. Currently there are 33 such schools covering all the states of the Country.

The idea of Sainik Schools came from the Rashtriya Indian Military College (RIMC) which have given India many service Chiefs and the Public school system of England. Sainik Schools is like ordinary citizen's public school where deserving students can get high-quality education irrespective of their income or class background. Reserved Seats for SC/ST and Serving/Retired Defence personnel children.

The objective of the Sainik Schools is to prepare the students to lead as officers in the Defence Services of the Country. The Schools select bright and promising students through an All India Sainik School Entrance Examination and focus on molding their overall personality with an emphasis on extracurricular activities.

Sainik Schools resources allow cadets to develop their skills in Sports, Academics and other Extracurricular Activities. Infrastructure in Sainik Schools includes running tracks, cross-country tracks, indoor games, parade grounds, boxing rings, firing ranges, canoeing clubs, horse riding clubs, mountaineering clubs, trekking and hiking club, football, hockey and cricket fields, as well as volleyball and basketball courts. Compete in sports, physical training, academics, cross country, drill and various other competitions throughout the world.

Objectives of The Proposed Project

- To instill Military values among boys and girls and inspire them to join the armed forces.
- To prepare 630 students to lead as officers in the Defence services of the country.
- To develop skills of bright students in sports, academics, and other extracurricular activities.

Location of The Proposed Project

The proposed Sainik School will be established at Mota Randha, Silvassa, Union Territory of Dadra & Nagar Haveli & Daman & Diu.

Beneficiaries Selection

Admissions will be confined to boys/girls in sixth to ninth standard, completely on the merit basis as per the written examination, interview and medical examination. Qualified students will be enrolled to the school. 35 percent of the total students enrolled at the academy will be girls.

Rationale of The Project

We intend to groom boys and girls enrolled in our academy to become responsible citizens by way of infusing in them the qualities of dedicated and disciplined military personnel. Associating the youth of the far-flung areas into mainstream and making them realize that Bharat is the only true religion. High quality education with all round development of the youth of the country is the need of the hour. Quality education will certainly prepare students for employment and better economic opportunities and thereby holistic development of the society. Following the footprint of Netaji, academy will inculcate proactive attitude in our children.

The focus of the academy will also be on the military training to develop high sense of discipline, physical and mental well being, developing competitive spirit, camaraderie and achieving the cutting edge in one's latent personality so as to excel in all fields. Military training will be compulsory for all cadets and comprise of below mentioned activities.

FIELD TRIP

Proposed Infrastructure

The proposed school will span across 21 acres of land in Mota Randha, Silvassa, Union Territory of Dadra & Nagar Haveli & Daman & Diu. Layout of the same has been attached below. Facilities which will be established are enlisted below.

School Building

State of the art school building with all necessary infrastructure will be established. The school building will host 28 classrooms in total.

Hostel Buildings

Proposed Infrastructure

The construction of hostels will facilitate 630 students who will come to the academy for studies. The hostel accommodation will help them study well and enable them to use academy's resources as far as possible. Hostels will be equipped with dormitory beds, cupboards and other essentials for students. The hostel will have sanitation blocks and supply of clean drinking water to ensure health and hygiene of our students. Separate hostel blocks will be constructed for boys and girls.

Dining Hall

The dining hall will be constructed with the capacity to accommodate 630 students. At Netaji Subhash Chandra Bose Academy, we intend to instill a sense of community by serving all meals to our students so that they can eat together and bond over this shared experience. Clean and hygienic kitchen will be set up with all necessary equipment. Nutritious and wholesome meals will be provided to ensure adequate nutrition.

Indoor and Outdoor Sports Facility

An indoor stadium of National standard will be established, which will host all indoor games such as basketball, volleyball, table tennis, chess etc. The stadium will have capacity of 1000 spectators. State of the art outdoor sports facility will also be established within the premise of the Sainik School.

Indoor and Outdoor Shooting Range

Indoor shooting ranges will be constructed considering basic requirements for operating the range safely, proper ventilation, acoustic isolation and appropriate lighting. Outdoor shooting ranges will be used for longer distance shooting. This will aim to train students to deal with exposure to elements such as wind, dust and rain.

Swimming Pool

Swimming pool with all modern facilities will be made available and taught as an extracurricular activity to cadets.

Computer Lab

With ever increasing penetration of technology in almost every sector, enhancing skill on computer is of paramount importance. Computer literacy is becoming an essential part of the mainstream education. Two computer labs equipped with internet, multimedia facilities and latest configurations on computers will be established.

Computer skills are becoming as important as math, language and science education and governments around the world are looking for the most efficient ways to provide computing access for their students.

Computer labs will be established with the aim to improve communication and learn to use this vast resource to students' advantage. Computer literacy will help students tackle the knowledge gap and keep them up-to-date with latest developments around the world.

Science Lab

We intend to establish ultra-modern science laboratory with state of the art facilities that can accommodate batch of 60 students at the same time. We believe in promoting an environment of learning where children tend to learn faster when they are able to visualize their lessons and are enthused by the practical application of subjects. Science labs will promote learning through experience and will provide an open environment for children to innovate and create projects, working models or carry out experiments with research purpose.

Library

To inculcate reading skills among cadets, state of the art library will be established. The library will have genre of books, newspapers, magazines and other important academic materials. A digital library, an online database of digital objects will also be made available to cadets.

Apart from the above mentioned infrastructures, artificial mountaineering wall, gymnasium, yoga center, hospital will also be established within the premise.

Proposed Infrastructure

- While major emphasis will be laid on the academic progress of the students, the school will also provide wide scope for the development of their creative faculties. Students will be motivated to learn by participating in various activities according to their aptitude. The school will have various clubs.
- Education tours form an essential part of the school curriculum. Students will be taken to various important places of educational interest including defence training centers.
- Enrollment in National Cadet Corps will be compulsory for all students. The cadets will be assisted by well qualified NCC officers and instructors.

Governance Structure

Netaji Shubhash Chandra Bose Military Academy, accredited with Vidyabharti Gujarat Pradesh will be managed by experts from Defence sector and academia. Retired officer from Defence forces will be appointed as the Director to oversee operations at the Academy. The Director will be responsible to meet the overall objective of the Academy. Retired Junior Commissioned Officers (JCO), Non Commissioned Officer (NCO) will be recruited for Military Training at NMA.

Esteemed Defence personnel would be invited to the Academy to seek guidance. We will also collaborate with other Sainik Schools across the Country.
